## SUMMARY

Dynamic Full Stack Developer Intern at Cygnosis with a proven track record in creating over 15 responsive applications and optimized landing pages. Skilled in HTML, CSS, and JavaScript, I excel in problem-solving and collaboration, enhancing user experience through innovative web solutions. Passionate UI/UX Developer with hands-on experience building responsive web interfaces using HTML, CSS, and Bootstrap. Passionate about clean, user-friendly design and continuously learning modern design practices. I actively use AI tools to speed up ideation, generate UI inspiration, and streamline workflow, helping me design smarter and faster. Eager to contribute to collaborative teams and grow my skills in real-world projects.

---
